

Culture Fit

Small Company

1. Why are you interested in working in that start-up?
2. What unique value that I can bring to the table?
3. Make sure there is no misalignment between the company and you

Large Company

1. Show the interviewer that you are passion about software engineering.
2. Pick a unique aspect of the company to discuss with your interviewer

How to prepare?

1. Brief introduction for myself (less than 2 mins)
2. Describe the past projects and jobs well (anything on the resume)
3. Prepare 2-3 questions to ask the interviewer
 - ① What's been your biggest challenge on your job?
 - ② What's the day in the life of for you at this company?
 - ③ Is the company gonna be doing X in the future?
